ABOUT THE SHOW

STAN ROGERS (Music & Lyrics)

Singer-songwriter

Stanley Rogers was born November 29, 1949 in Hamilton, Ontario and passed away on June 2, 1983 in Hebron, Kentucky.

Heralded as one of Canada's finest singer-songwriters, Stan was known for his rich baritone voice and finely crafted folk songs, often written

and performed in a traditional Celtic style. Concerned with themes of honour, loyalty and hope, Stan drew on historic and poetic aspects of the Canadian experience, and is best known for his seafaring songs "Northwest Passage," "The Mary Ellen Carter" and "Barrett's Privateers." His music never received widespread radio play and was largely unknown outside of folk music circles during his brief lifetime. His legend grew after his tragic death in an airplane fire, and he was inducted into the Canadian Songwriters Hall of Fame in 2019.

Stan's music captured the power of the human spirit and many of his songs have become part of the Canadian folk repertoire. A child of Maritime stock on both sides of his family, Stan Rogers was born in Hamilton, Ontario. He began writing rock and roll and country songs while still a teenager, eventually finding his voice in folk music. After some persuasion by his Aunt Jane, he began to write songs about his family roots in Nova Scotia, many of which were included on Stan's first album, "Fogarty's Cove", giving new voice to the people who worked in the fisheries, mines, and farms.

A prodigious songwriter, Stan released four albums in his lifetime, with multiple albums released after his passing. The Stan Rogers Folk Festival takes place every July in Canso, Nova Scotia.

BEHIND THE SCENES

GILLIAN JONES (Technical Supervisor)

This is my bio all about how, my life got flipped turned upside down and I'd like to take a moment before the show starts to tell you how I became involved in the live arts. In North Thunder Bay, I was born and raised. On a playground is where I spent most of my days. Chillin out max and relaxin all cool, but never shootin' B-ball outside of the school. When a couple of folks who were up to some good, started a rehearsal in my neighbourhood offering me a job at Magnus Theatre.

DAVID A. BROWN (Head Carpenter)

David joined Magnus in 2019 as the Head Carpenter after working as the canoe builder/shipwright at Old Fort William for 40 years.

Dave wore many hats while at the Fort, building canoes and boats. He has been involved in many movie and television productions, from an IMAX production in the early 1980's to many commercials and print productions, appearing in National Geographic and the National Enquirer in the same year. He was heavily involved in "The Haunted Fort" building props, animatronic effects and lighting as a licensed pyrotechnician. Dave is getting used to building square and level; he would still like everything to be curved like a canoe or boat.

THE NEXT STAGE PROJECT CONTINUES!

Magnus Theatre has thrived as Northwestern Ontario's only professional theatre since 1971. With increased demand for programming and arts spaces, Magnus Theatre continues its' mission to enhance arts possibilities within our community.

The Next Stage Project began to restore, upgrade, and expand the Magnus Theatre facility to meet the emerging needs of the community. So far, the project has seen the addition of a brand-new Studio Theatre, expansion and upgrade of all production facilities, an overhaul of the building HVAC systems, all-new public washrooms, lounge, and youth classrooms, all done while carefully maintaining and respecting the heritage features of the Historic Central School. The project continues, as we endeavour to make our heritage building greener and energy efficient, with plans to replace windows, improve the parking lot, convert stage lighting to environmentally friend LED fixtures and upgrade all hearing-assist systems.

The Next Stage Project has been funded in part by the Government of Canada, FedNor, the Northern Ontario Heritage Fund Corporation, the Trillium Community Building Fund, the Trillium Resilient Communities Fund, TBXI and the Thunder Bay CEDC. The project continues to be supported by many private donors and sponsors who believe strongly that professional arts are an integral part of a strong and healthy community.

If you would like to get involved in supporting Magnus Theatre's Next Stage Project and in strengthening the arts scene in Northwestern Ontario, please reach out to Glenn Coulson, Magnus Theatre's Director of Development at Glenn.Coulson@magnustheatre.com, or call 807-345-8033.
